AirBoss Extreme Cold Weather Mukluk

Designed and developed in Canada after extensive field testing and user feedback, the Mukluk achieves the optimal balance between weight, insulation, comfort, and durability. Breathable and anti-microbial, lightweight yet heavy-duty, this is the world's top extreme cold weather performer.

Advantages

- Performs comfortably from 32°F to -67°F (0°C to -55°C).
- The outer shell system prevents water infiltration while evacuating humidity.
- The inner core consists of fast-drying double-felt insulation.
- Two removable insoles (felt and synthetic mesh) optimize comfort, moisture management, and thermal performance.
- Excellent anti-microbial/anti-fungal properties.
- Heavy-duty laces for easier cold weather handling and blucher-style lacing for a comfortable and snug fit.
- Stable interface with snowshoes for whatever the battlefield requires.
- Excellent outsole performance on challenging surfaces.

Laced up snow guard
